

WOODHALL SPA QUARRY

Product guide

WELCOME

We are dedicated to delivering quality products and service, tailored to our customers expectations.

Based in Kirkby on Bain, Woodhall Spa Quarry sells locally extracted materials, in addition to a wide variety of other products, sourced from all over the UK.

We deliver to Lincolnshire, Cambridgeshire, Yorkshire, Leicestershire and even as far as Scotland.

To cater for all customer requirements, we operate a wide range of delivery vehicles ranging from small 4 wheeled tippers up to 30 tonnes capacity articulated trucks.

We also offer a collect service, where both trade customers and the general public can visit site to purchase exactly what they need, as loose aggregate or in 850kg or 25kg bags.

CONTENTS

Building Materials

- 5 Soft Sand
- 5 Sharp Sand
- 5 Plastering Sand
- 5 Fill Sand
- 6 Washed Ballast
- 6 Drainage Gravel
- 6 Lincolnshire Limestone
- 6 Screened Topsoil
- 7 Type 1 Granite Sub Base
- 7 0/4mm Dust Granite
- 7 3/6mm Surface Dressing
- 7 Permeable Paving Granite

Building Extras

- 8 Recycled Road Planings
- 8 Patchmac
- 8 Kiln Dried Sand
- 8 Lafarge Cement
- 9 Quick Set Post Mix
- 9 White Rock Salt

Premier Products

- 10 50-75mm Scottish Cobbles
- 10 30mm Highland Pebbles
- 10 40mm Flamingo Pebbles
- 10 20mm Flamingo Chippings
- 11 20mm Ice Blue Chippings
- 11 20mm Polar White Chippings
- 11 20mm Black Ice Chippings
- 11 20mm Onyx

Decorative Materials

- 12 Golden Gravel
- 12 Staffordshire Round
- 12 Leicester Pink Granite
- 12 Bardon Hill Granite
- 13 Red Granite
- 13 Green Granite
- 14 14mm Silver Granite
- 14 Rockery Granite
- 14 20mm Clee Hill
- 14 20mm Cotswold Buff Limestone
- 15 Plum Slate
- 15 Blue Slate
- 15 40mm Green Slate
- 15 Ornamental Bark Spruce
- 16 Playchip
- 16 Eco-Chip
- 16 Mulch
- 16 Play Pit Sand
- 17 Cable Sand

WOODHALL SPA INVESTMENT

Woodhall Spa has recently received significant investment in all areas of its operations. The successful planning permission award secures mineral reserves past 2030. The first phases of soils have been stripped away to expose the mineral. Approximately 2km of new conveyor belt has been constructed to transport the sand and gravel from the extraction area. It crosses 2 rivers and passes under the road to reach the plant for processing.

Further improvements on the process plant have assured:

- ▶ **Product quality**
- ▶ **Safe methods of work**
- ▶ **Efficient plant and equipment**
- ▶ **Flexibility in bagged product range**

BUILDING MATERIALS

Soft Sand

- ▶ Local aggregate
- ▶ Washed sand, graded and tested at 0-2mm
- ▶ Yellow
- ▶ Bricklaying and pointing

Sharp Sand

- ▶ Local aggregate
- ▶ Washed sand, graded and tested at 0-4mm
- ▶ Yellow
- ▶ Concreting and bedding paving

Plastering Sand

- ▶ Local aggregate
- ▶ Mixture of soft and sharp sand
- ▶ Indoor and outdoor usage

Fill Sand

- ▶ Local aggregate
- ▶ Back filling trenches
- ▶ Covering cables

BUILDING MATERIALS

Washed Ballast

- ▶ Local aggregate
- ▶ Consistent blend of gravel and sharp sand
- ▶ Used to produce concrete when mixed with cement
- ▶ Available in 10mm and 20mm

Drainage Gravel

- ▶ Local aggregate
- ▶ Available in 10mm, 20mm and 40mm

Lincolnshire Limestone

- ▶ Sourced locally
- ▶ Oolitic Limestone
- ▶ Available in 32mm, 50mm and 75mm in both clean and down
- ▶ Larger sizes may be available on request

Screened Topsoil

- ▶ Recycled
- ▶ Ideal for seeding and planting
- ▶ Available in various gradings

BUILDING MATERIALS

Type 1 Granite Sub Base

- ▶ Sourced from Leicestershire
- ▶ Frost resistant and grey
- ▶ Sub base foundation layer
- ▶ Lincolnshire Council approved supplier

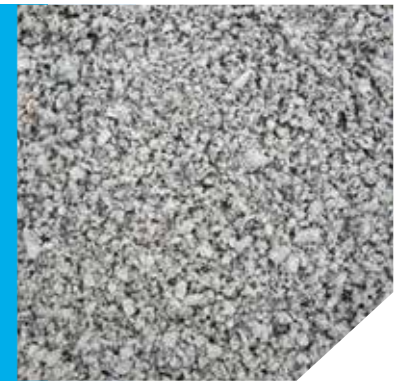

☆
BEST
SELLER

0/4mm Dust Granite

- ▶ Sourced from Leicestershire
- ▶ Frost resistant
- ▶ High strength concrete, permeable paving, pathways and sports areas

3/6mm Surface Dressing

- ▶ Sourced from Leicestershire
- ▶ Frost resistant
- ▶ Surface dressing and pathways

Permeable Paving Granite

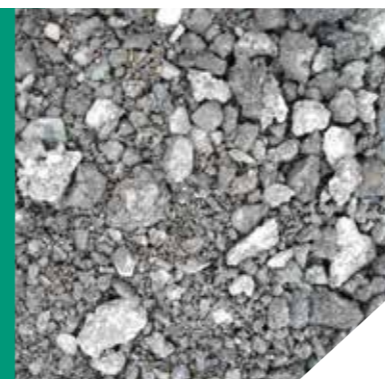

- ▶ Sourced from Leicestershire
- ▶ High performance aggregate, specifically designed to be used with sustainable urban drainage systems (SuDS)
- ▶ Well graded crushed angular particles allowing for optimal compaction, and void retention for controlled water flow.
- ▶ Available in 0/4mm, 2/6mm, 4/20 Granite, Type 3

BUILDING EXTRAS

Recycled Road Planings

- ▶ Recycled material
- ▶ Tarmac scalpings
- ▶ Graded or ungraded (subject to availability)

Patchmac

- ▶ 25kg bag
- ▶ Safe and easy to use
- ▶ Driveway repairs, filling potholes, repairing and widening pathways and temporary ramping.

Kiln Dried Sand

- ▶ 25kg bag
- ▶ Fine dry silica sand, grain size up to 0.5mm
- ▶ Use for filling joints in block paving

Lafarge Cement

- ▶ 25kg bag
- ▶ High strength
- ▶ Concreting, bricklaying, floor screeding and rendering
- ▶ Weather proof packaging

BUILDING EXTRAS

Quick Set Post Mix

- ▶ 20kg bag
- ▶ Premixed fast setting concrete mix
- ▶ Pour into the post hole and add water
- ▶ Ideal for fixing metal/wooden/concrete posts

White Rock Salt

- ▶ Pure, natural rock salt
- ▶ Does not leave a residue

PREMIER PRODUCTS

50-75mm Scottish Cobbles

- ▶ Rounded cobbles
- ▶ Pink, grey and brown
- ▶ Planting areas, rockeries and water features, such as ponds and streams

30mm Highland Pebbles

- ▶ Produced by industrial scale chippers for a low cost alternative
- ▶ Flower beds, borders and general landscaping
- ▶ Available in 0-60mm

Mulch

- ▶ Tidying garden borders and flower beds.
- ▶ Suppresses weed growth
- ▶ Available in 0-60mm

Play Pit Sand

- ▶ Certified for play areas (BS EN 1177 Standard)
- ▶ Soft, Safe and clean. Non-toxic and non-staining
- ▶ Sports venues, outdoor & indoor play areas

CABLE SAND

Specialised backfill material for power cable installations

Specification - ENA TS97-1:1997 (Issue 2 2016)

Woodhall Spa Quarry can offer a certified cable sand for applications requiring ENA Technical Specification 97-1. Available in both unbound and cement bound products. Certificates are available on request.

Products:

- ▶ Unbound Sand to Clause 6.1
- ▶ Cement Bound Sand to Clause 6.3

Benefits

- ▶ Consistent grading, high density, cohesion and low voids
- ▶ Good rounded shape
- ▶ Cost effective
- ▶ Meets all thermal properties required by specification

Features

- ▶ Cable installation, backfill and surround

Collection / Delivery Options

- ▶ 25kg bags (49 / pallet)
- ▶ 850kg bags
- ▶ Loose

Applications / Sector

- ▶ Cable installation - underground high voltage cables
- ▶ Surround - effortlessly surrounds the cables
- ▶ Backfill - a great backfill sand that compacts around cables easily, meeting specification parameters
